Open Floor:

ASC guidelines on hand-Chad - I know that area guidelines are supposed to be readily available to anyone that wants one, and I am sitting next to at least one person who does not have one. You are guaranteed a copy. John – I do have a stack of the lasted and greatest (handed out copies to all those wanting copies). These are always available in the literature room here at area. It also has everything to start area on time, in the chairpersons absence.

ASC funds – Chad – I know that since last month we ran out of funds, and we were unable to pay all bills incurred. Should we take money from the subcommittees? Wondering what are others people’s thoughts? Shellie – Hypothetically if we take money from H and I, then they are on the priority list, would we be giving that money right back? Jennifer – Explained how H and I spending works. The funds for H & I are always with the ASC. Sam – I believe that the way things work was the area (ad-hoc) went to the subcommittees and tried to trim the costliest expense. Tony – I think a lot of this could be fixed by holding those groups accountable? David – I believe that is in the RCM responsibilities. John – Public information has a bank account and requests monthly funds. The other subcommittee, Activities has their own bank account. They have not asked area for funds for quite some time. The last time they requested funds was for a function for a group, it was never used. They also made a substantial donation to the ASC somewhat recently. \$350 in April to the ASC. The guidelines say they can keep money that is committed to a future function. Steve – Maybe I am out of line but what about the groups that aren’t in attendance that are collecting 7th tradition? Whose responsibility is that? If anyone? Sam- There are many groups that are not here, it may be in our best interest to reach out to those groups.

Shellie motions to extend open floor David 2nd for 15 additional minutes

Pros and cons – Shellie – I had put a motion on the floor last month that there be some pros and cons listed on motions. I think there are motions on the floor that doesn't allow people to make informed decisions. I think one of the ways we could do that is to have open floor discussion on that motion. Sam – I think this is a good idea, it is just who decides what goes in? Lindsey – What some people view as a pro, others may view as a con. Brady – I believe that is up to the GSR to take notes. Jan – If nothing is in the minutes, those not in attendance can't be informed. Tony – If you're a GSR, you should have a proxy if your not here. John – The motion form has three lines, if you need more please bring more information. I have a addendum that I am adding because three lines is not enough. Sam - I think it is completely different issues, groups that are not here by choice and those who leave to do service. Brady – What are we trying to discuss here? The forms or the secretary adding more? Shellie – If there is a discussion on the motion, is it new, is it being brought back?

Communication – Shellie – I feel like not everyone is getting communication through computer that some people feel they are getting. We need to look at this. Steve – There was a time when we had a list of mail requests. Lindsey – I have hand delivered/mailed those in the past when I was in this service position. My position is now done. Shellie – It is just not good enough. Chad – I feel like some of that falls on the members, people should be studying those guidelines. Some of that falls on those who want the information, there is definitely a lack of communication. Jan – A group moved and we didn't know, I know some of that falls on the GSR. Sam – I know the most recent move happened between areas, their move came suddenly and they used every platform they could at that time. Sometimes that happens.

Zack motions to extend open floor, David 2nd for 15 additional minutes

Literature rack at meeting – Zack - My homegroup, has a literature rack that floats around, it is in our meeting format to have one. Just looking to clarify whose it is? Chad- I believe that would lay on the PI or HI committee, who may have provided it at one time. You would also have to ask the facility. Sam- I know what your talking about, I believe it would fall on the PI committee to check that outs. Dwayne – We will definitely look into that. I am a homegroup member and will investigate that asap. Steve – I know there is a similar situation with the rack at touchstone. Jennifer – I don't know whose rack is at bridge, we do fill racks at touchstone. Sam- I was wondering if touchstone is for-profit treatment center? I was under the impression that those kinds of facilities provided their own literature. Jennifer- I have never been asked that question and I don't know.

Region business:

New Business:

Motion #1: To remove vendors Stericycle, AT&T as soon as possible. Replacing them with Grasshopper, keeping Windstream for local listings.

Intent: To reduce PI phonline expenses from an average of \$324.80 per month to an average of \$95.00 per month. For an average savings of \$229.80.

Submitted by: Lindsey Seconded by: David

Financial Impact: \$229.80 (savings) **Change in policy:** No

Vote in Groups

Motion #2: Add to policy section VI Finances Line 16: All XC and subcommittees requesting budgeted funds must provide invoice or receipt to area treasurer at the following ASC.

Intent: To better monitor our 7th tradition funds.

Submitted by: Kevin C. Seconded by: David N.

Financial Impact: \$0.00 **Change in policy:** Yes

Vote in Groups

Kevin – I believe it would bring transparency to how donated funds are spent. David – This would be better for keeping records and provide better transparency. This would only be for subcommittees using ASC funds. Sam – Who does this apply to? David – This would be if you are coming to ASC treasurer for funds, and I am writing a check. Chad – Just so we are clear, I refused to give a receipt. What constitutes a receipt? If I get \$75.00 from this area, can I just make my own receipt. David – I told you what you bring me, and you refused. Chad – No one has even clarified this for me. Travel could mean a number of things to me? Jan- To me a receipt is something some else gives in exchange for goods and services Sam – I fully agree that this needs to be a separate issue, I think those things need to be defined. Shellie – Read the definition of “receipt”. Shellie – Read original Motion from June 2017 ASC minutes referring to RCM budget including the word “reimbursement” Chad – I was told by David if you need the moneys before hand I can get it....

Kevin- This was original brought back 20 years ago, when those who couldn’t participate in service because they financially couldn’t do so. Jan- There is up to \$75.00, if you can’t pay for it on your own it will be provided to you with a receipt on your part coming back next month.

Motion #3: Add to policy section VI line 17: All subcommittees with a bank account must provide ASC treasurer with online login and password or monthly bank statements for monitoring purposes.

Intent: To provide better transparency and access for audit purposes of NA funds.

Submitted by: Kevin C. Seconded by: David N.

Financial Impact: \$0.00 **Change in policy:** Yes

Kevin- Again this is for accessibility and transparency, for use of NA funds. David – When I got passed the treasurer position from the previous treasurer, I had the log-in to ASC funds and activities. John – We currently don’t use this function in PI. I think this is leading us to a more single point of accountability.

Vote in Groups

Motion #4: To include why the motion is changing something. Ie: New motion >None in place, Revised motion > why is it being revised.

Intent: To clarify both sides (pro/con) of motions brought to groups. This could be summarized by open floor discussions.

Submitted by: Shellie Seconded by: Jan

Financial Impact: \$0.00 **Change in policy:** No

Shellie – I do think that some of this is included in the open floor, so I think that this satisfies that.

Motion withdrawn

Motion #5: To request \$125.69 for payment to Vivial for phone book ads for the PI subcommittee.

Intent: To pay monies owed to the vendor. The reason this is being requested is because the amount is above the line item in the PI 2017 budget. The reason this is over the budget amount is based on the following amendment.

Submitted by: John R. Seconded by: David

Financial Impact: \$125.69 **Change in policy:** Yes (In that it is a request for the funds above the budget approved by groups)

Amendment:

1. Accumulated late fees.
2. The required single payment rather than a monthly one for services.

These facts are the result of fiscal irresponsibility on my part as the PI treasurer. Steps have been taken to ensure, going forward, that this type of irresponsibility cannot go unchecked. John R.

Vote in Groups

John – During the current fiscal year I allowed Vivial to go into default, incur late fees, and become annualized. We still owe for services rendered. Had the ASC treasurer been getting invoices, he would have asked about the previous balances, late fees. The PI account has in the past carried a balance, because I have not paid the bills. I would encourage your groups to pass motions 2 and 3 to prevent this from happening in the future. Kevin- I understand that the amount your asking for (outside of the budget) is to pay the balance that we still owe this vendor. Shellie – Where are we today? David - I will not be able to pay the RCM travel expenses.

Executive Reports:

Chair Report: Greetings all, I first want to thank all those who participated in the Phonenumber Ad Hoc committee. The information and recommendations which came from it will result in not only money savings but also a more self-controlled and better supported system to handle the phonenumber.

Today I made a payment of \$300.00 to the literature account for the repayment of funds stolen from my vehicle. This leaves a balance due of \$200.00 which I will pay \$50.00 monthly payments at the coming ASC meetings. This intended repayment of these funds has not been possible during the past months due to issues in my finances and is only possible today due to the gracious act of a friend. I will continue to provide updates on this repayment in my monthly report to the ASC. In trusted service, John R.

Ad-Hoc: Date: September 23, 2017

To: Senana Members

From: Phonline Ad-Hoc Subcommittee

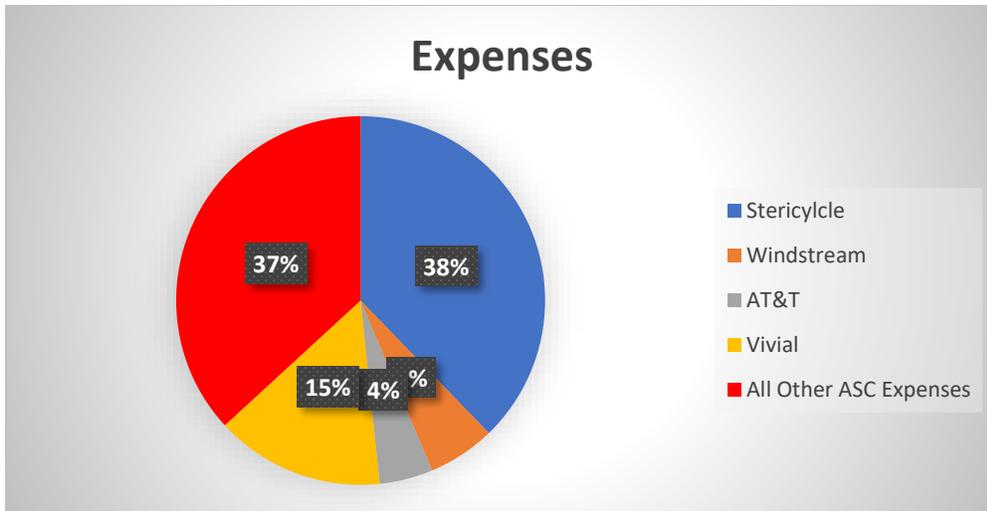

Subject: Overview of work and recommendations of Ad Hoc Subcommittee on Phonline

Overview - We would like to thank the Southeast Nebraska Area of NA for the opportunity to serve on the Ad Hoc sub-committee for studying and recommending whether or not our area should consider going to a different phonline structure. This has been a rewarding experience. We have learned a lot about our current area and our phonline options. The committee met weekly from Aug-03 until Aug-27th. We were composed of two types of members: 1) 'core' sub-committee members who attended every week 2) 'transient' sub-committee members who dropped in on 1 or 2 meetings. Both types of attendees contributed heavily.

We studied many different systems used in other areas and regions. We also studied a report from the South Florida on their experience moving to Grasshopper, it dealt with both successes and obstacles. This committee communicated our progress throughout in messaging and email to receive constant updates between meetings. Several fears, concerns and questions were brought to this committee. All of them have been addressed.

Current status of SENANA phonline

The SENANA answering service is currently using 38% of all ASC funds.

ASC TOTAL EXPENSES \$ 3,224.02

PHONELINE EXPENSES \$ 2,036.44

STERICYCLE	\$ 1,217.75
WINDSTREAM	\$ 190.25
AT&T	\$ 150.79
VIVIAL	\$ 477.65

The amount of calls

MONTH	CALLS PATCHED TO VOLUNTEER	HANGUPS	SOLICITORS OR RECORDINGS	WRONG NUMBERS
AUGUST	7	1	1	
JULY	8	4		1
JUNE	5	1	3	

MAY	11	5	4	
APRIL	20	3	2	
MARCH	7	4	6	
FEBRUARY	8	2	3	
JANUARY	14		1	

Other areas are struggling with similar issues.

Many areas have expressed that there is no single answer to a phonenumber system.

Better utilization of resources

The recommendations all come at a lower cost than current system

Current services being provided by SENANA

The list below contains the current services that are utilized by the SENANA phonenumber:

- Stericycle Communications - Answering service used for hotline. Local and Toll Free numbers are answered here.
- Windstream Communications - Local phone line and all local Yellow & White Pages listings.
- AT & T – Toll free phone line
- Vival – Yellow pages advertising in surrounding communities (York, Beatrice, Southeast Nebraska)

What are the options for a new system?

There were several options for a new system. Some of the primary options are:

1. Ring Central
2. Grasshopper
3. Phone.com
4. Mighty call

A cooperative effort was made by members of the ad-hoc committee to independently research and bring back the findings for discussion.

Obstacles

1. No 24/7 support
2. Limited minutes
3. Cost prohibitive
4. Limited call forwarding
5. Losing the current SENANA number

Recommendations

“Everything that occurs in the course of NA service must be motivated by the desire to more successfully carry the message of recovery to the addict who still suffers.” P. xvi Basic Text

We need to remember that an addict seeking help looking for their first NA meeting may have first contact with the phonenumber. We want to make it as simple as possible. Our goal in service is to facilitate that need. We believe the following recommendations will help the SENANA Area further the 5th tradition of Narcotics Anonymous:

1. To remove vendor Stericycle
2. To remove vendor AT & T
3. To remove the outside of area advertising provided by Vivial.
4. Be patient but expedient with the process.
5. Implement Grasshopper service to replace above listed vendors, we feel it to be a superior system.
- 6.

Benefits of recommendations

Below is a list of the major spiritual benefits of our recommendations:

- Help us further our primary purpose of carrying the message to the addict who still suffers (Tradition 5)
- Promote unity (Tradition 1)
- Provide clarity (Tradition 5, concept 5),
- Allow our NA funds and resources to be used responsibly (Concept 11)

Next Steps

Below is a list of the next steps we believe the SENANA should take:

1. Each group needs to study and discuss this report
2. Look at new costs vs old costs
3. Vote on motion brought forth by this committee

Extensive discussion was done on the financial impact (savings) moving forward with the motion. Moving forward with grasshopper would allow us an average savings of \$229.80 a month. There may still be some residual expenses owed to previous vendors. At this time, Grasshopper has 24/7 live US support,

no long term contracts, unlimited minutes for incoming calls, free activation, great features, is cost effective, and we can import our current numbers.

Motion for SENANA to move forward with Grasshopper has been brought to the Sept 2017 ASC.

In loving Service,

David N. – Chair Ad hoc Subcommittee on Senana phoneline
