OPEN FLOOR:

Topic 1- H&I meeting in LCC not H&I SENANA approved. Herman says there is another group that is going into LCC on Wednesday afternoons under the title of Narcotics Anonymous. He talked to the coordinator and let them know that they are not related to us. Wants feedback on moving forward. Sam had a long conversation with the facility and they were under the impression that they were. He says we could try to reach out to them with our concerns. Herman says that he has communicated with one of the females and she is part of the other fellowship. Brian says that if they are a part of AA then they are almost word for word required to do the same thing that we do. However, people need to be aware of what's going on if a problem arises. Andrew says that they cannot tell them not to go in if they are not a part of our fellowship, but we should make the facility aware that we are only going in on certain times. Zack wants to know if they maybe want to be officially a part of what we are doing and if we can reach out again. Sam says that it is a mixed message meeting, however, we need to handle this appropriately so that it doesn't affect us going into the facility. Creston wants to know if it affects us going in on Sunday? Sam says no, not yet. Brian says that we should tell the institution that if they are not sent by H&I then we have no control over anyone that we have not sent. Herman says that the institution reached out to him with the question about the meeting, so he thinks that we need to go in there and establish where we stand. John says that at the very least, they should

not have access to our stuff that we use during the meeting.
