Who Is an Addict?

Most of us do not have to think
twice about this question.

We know! Our whole life and
thinking was centered in drugs in
one form or another—the getting
and using and finding ways and
means to get more.

We lived to use and used to live.
Very simply, an addict is a man or
woman whose life is controlled by
drugs.

We are people in the grip of a
continuing and progressive illness
whose ends are always the same:
jails, institutions, and death.
